

7th CNAG Symposium on Genome Research: Personalized Medicine

12th April 2018

Auditori Antoni Caparrós - Parc Científic de Barcelona (Torre D)
C/ Baldiri Reixac, 4 08028 Barcelona

8:30	REGISTRATION
9:00	Ivo Gut , Director, Centro Nacional de Análisis Genómico (CNAG-CRG) <i>Welcome and CNAG introduction</i>
9:10	Ángel Carracedo , Galician Foundation of Genomic Medicine (SERGAS), Genomic Medicine Group, University of Santiago de Compostela (USC) <i>The challenges in clinical translation of personalized medicine</i>
9:40	Roser González , Professor in Genetics, DBGen Founder, University of Barcelona (UB) <i>Evaluation of massive sequencing approaches in the genetic testing of inherited visual disorders</i>
10:10	Alfons Macaya , Head, Pediatric Neurology Section, Vall d'Hebron Research Institute (VHIR) <i>Precision medicine in pediatric neurogenetic disorders</i>
10:40	Sergi Beltran , Head, Bioinformatics Analysis Unit, Centro Nacional de Análisis Genómico (CNAG-CRG) <i>Piloting the implementation of genome:phenome analysis tools for Personalised Medicine</i>
11:10	COFFEE BREAK
11:40	Dennis Horgan , Executive Director, European Alliance for Personalised Medicine (EUAPM) <i>Personalising Your Health: A Regulatory Framework</i>
12:10	Jimmy Jin , Global Marketing Director, NGS, Agilent <i>NGS technologies for Personalized Medicine</i>
12:40	Ana Vivancos , Cancer Genomics Group, Vall d'Hebron Institute of Oncology (VHIO) <i>Liquid biopsy: implementation in the clinic and future applications</i>
13:10	LUNCH
14:10	Miguel Ángel Piris , Associate Medical Chief, Pathology Service, Fundación Jiménez Díaz (FJD) <i>Lymphoma genomics, new surprises!</i>
14:40	Silvia Beà , Lymphoid Program, Institut d'Investigacions Biomèdiques Agustí Pi i Sunyer (IDIBAPS) <i>Unraveling the complex landscape of genetic alterations in mantle cell lymphoma</i>
15:10	Gabriel Capellá , Director, IDIBELL; Director Hereditary Cancer Program, Institut Català d'Oncologia <i>PerMedCan (Personalized Medicine in Cancer): a pilot study on the impact of genomic testing in the decision-making process in Oncology</i>
15:40	Ivo Gut , Director, Centro Nacional de Análisis Genómico (CNAG-CRG) <i>Closing words</i>
16:00	VISIT TO CNAG INSTALLATIONS
